= newer form containing changes or improvements

****更新版本****

Examples

1. An ****updated version**** will be released next month.

下個月會推出****更新版本****。

2. Please use the ****updated version**** of the document.

請使用文件的****更新版本****。

Key contrasts

25. version vs edition

****version****

= any particular form of something that differs from another form

****版本****

****edition****

= particular published form of a book, newspaper, etc., often tied to publication

****版 ; 版本 ; 版次****

Compare:

> software version

> 軟體版本

> second edition of a textbook

> 教科書第二版

A book can have multiple ****editions****, while a story can have film, stage, shortened, or translated ****versions****.

26. version vs copy

****version****

= form/type that differs in content, form, or state

****版本****

****copy****

= another individual instance of essentially the same thing

****副本 ; 一冊****

Compare:

> a revised version

> 修訂版本

> a copy of the book

> 一本 / 一份副本

27. version vs model

****model****

= particular design or type of a manufactured product

****型號****

****version****

= broader; can refer to software, products, texts, stories, interpretations, etc.

Compare:

> car model

> 汽車型號

> software version

> 軟體版本

28. version vs form

****form****

= general shape, type, or state

****形式****

****version****

= one identifiable variation of the same underlying thing

****版本****

29. version vs account

****account****

= description of events

****敘述 ; 說法****

****version****

= can mean an account when different people give differing descriptions

Compare:

> witness account

> 證人陳述

> his version of events

> 他對事件經過的說法

Meaning map

The central concept of **version** is:

one particular form of something that can exist in more than one form

From this develop:

Passage

different version of her life

→ **人生的不同版本**

Product

cheaper version

→ **較便宜版本**

Story/account

version of events

→ **對事件的說法**

Interpretation

modern version of a legend

→ **現代詮釋**

Adaptation

film version

→ **電影改編版**

Translation

English version

→ **英文版本 / 譯本**

Software

latest version

→ **最新版本**

Self

better version of yourself

→ **更好的自己**

Technical

version control / versioning

→ **版本控制 / 版本管理**

The passage uses the broad **alternative-form / possible-realization** sense:

> one life

> → many possible **versions**

MCQ-ready master list

a version of the truth	從某一角度呈現的真相 / 說法
updated version	經修改、改善或加入新內容的更新版本

Passage recap

> “...each book on the shelves allows her to step into a different **version** of her life.”

Here:

****version**** = ****one possible form or realization of the same life****

Best Traditional Chinese:

* ****版本****

* ****另一種人生樣貌****

* ****不同可能的人生****

Natural contextual translation:

****書架上的每一本書都可以讓她走進自己人生的另一個版本。 ****

Passage MCQ-ready meaning

****version****

= ****one particular form of something that can exist in several different forms****

****版本；某事物的其中一種形式****

The most important distinction is:

> a ****copy****

> → 同一內容的另一份副本

but:

> a ****version****

> → ****內容、形式、狀態或發展可能有所不同的另一版本****

So in the passage, these are not merely duplicate copies of the same life. Each ****version**** represents a genuinely different way her life might have developed.
