= person involved professionally in teaching or education
教育工作者；教師

Examples

1. She is an experienced **educator**.
她是一位經驗豐富的**教育工作者**。
2. Good **educators** adapt their teaching to their students.
好的**教育工作者**會根據學生調整教學。

Broader than **teacher** in many contexts.

26. educationally

= in a way relating to education or learning
在教育方面；從教育角度

Examples

1. The programme is **educationally valuable**.
這個計畫在**教育方面很有價值**。
2. The activity is both enjoyable and **educationally useful**.
這項活動既有趣，也**有學習價值**。

Lower priority.

Countability

27. education is usually uncountable

Most common:

- * good education
- * higher education
- * work in education

Not normally:

- * *an education* when simply meaning schooling in general

But **an education** is possible when referring to:

A. a particular overall educational experience

- > She received **an excellent education**.

B. an experience that teaches you a lot

- > Working there was **an education**.

So countability depends on the meaning.

High-value expressions

28. receive / get an education

= be formally educated

接受教育
