Your sentence:

> “Another \*\*reason\*\* it worked so well was that it sold more than a product; it sold a feeling.”

## Meaning in this passage

Here, \*\*reason\*\* means \*\*a cause, explanation, or fact that explains why something happened or why a situation was true\*\*.

\*\*繁體中文:\*\* \*\*用來解釋某件事為甚麼發生、某種結果為甚麼出現的原因或理由\*\*

\*\*中文翻譯:\*\*

> “Another reason it worked so well was that it sold more than a product; it sold a feeling.”

「它之所以如此有效，另一個\*\*原因\*\*是它所推銷的不只是一件產品；它還在推銷一種感受。」

\*\*reason = 用來解釋某個結果或情況為甚麼出現的原因／理由\*\*

---

# 1. \*\*reason for + event/situation(事件／情況) — 導致或解釋某件事的原因\*\*

This is the meaning in your original sentence.

\*\*Meaning:\*\* A cause or explanation for why something happened or exists.

### Practice 1 — Original

> “Another \*\*reason\*\* it worked so well was that it sold more than a product.”

「它如此有效的另一個\*\*原因\*\*，是它所推銷的不只是一件產品。」

### Practice 2

> “The main \*\*reason for\*\* the delay was bad weather.”

「延誤的主要\*\*原因\*\*是天氣惡劣。」

#### ### Practice 3

> “There are several \*\*reasons for\*\* the product’s success.”

「這件產品成功有幾個\*\*原因\*\*。」

**reason for something** = 用來解釋某個事件、結果或情況為甚麼出現的原因

---

# 2. **reason why + clause** (某事發生的解釋) — .....的原因; 之所以.....的理由

**Meaning:** An explanation of why something happened or is true.

#### ### Practice 4

> “The **reason why** the advertisement worked was its simplicity.”

「這則廣告之所以有效的\*\*原因\*\*是它很簡潔。」

#### ### Practice 5

> “Nobody knows the **reason why** the system failed.”

「沒有人知道系統失靈的\*\*原因\*\*。」

**the reason why...** = 用來解釋某件事情為甚麼會發生

A useful grammar note:

Both are natural:

> “The reason **why** it worked...”

> “The reason it worked...”

The **why** can often be omitted.

---

# 3. **reason to + verb** (做某事的依據／動機) — 有理由做.....; 做.....的正當依據

**\*\*Meaning:\*\*** A fact or consideration that makes an action sensible, justified, or necessary.

「我們有充分**\*\*理由相信\*\***這些數據是準確的。」

**\*\*reason to do something = 足以支持、解釋或合理化某個行動／判斷的依據\*\***

This differs slightly from #1:

\* **\*\*reason for the delay\*\*** → 解釋事情為甚麼發生

\* **\*\*reason to leave\*\*** → 支持你採取某個行動的理由

---

# 4. **\*\*reason = motive for someone’s action (做某事的動機／理由) — 動機; 理由\*\***

**\*\*Meaning:\*\*** The consideration or motive that causes someone to choose to do something.

### ### Practice 8

> “What was your **\*\*reason\*\*** for leaving the job?”

「你離職的**\*\*理由／動機\*\***是甚麼？」

### ### Practice 9

> “She had a personal **\*\*reason\*\*** for refusing the offer.”

「她拒絕這項提議有一個私人**\*\*理由\*\***。」

**\*\*reason = 促使某人作出某個選擇或行動的考慮／動機\*\***

This is closely related to “cause,” but here the focus is on **\*\*human decision-making\*\***.

---

# 5. **reason** = justification/excuse (用來證明某行為合理的理由) — 理由; 正當依據

**Meaning:** A fact or argument used to show that an action, belief, or decision is justified.

### Practice 10

「你需要有一個充分的**正當理由**才能取消會議。」

### Practice 11

> “There is no **reason** for treating customers that way.”

「沒有任何**正當理由**可以合理化那樣對待顧客。」

**reason** = 用來證明某項行為、決定或看法合理／正當的依據

---

# 6. **reason** = ability to think logically (理性思考能力) — 理性; 推理能力

This is a genuinely different noun meaning.

**Meaning:** The human ability to think logically, judge facts, and reach sensible conclusions.

### Practice 12

> “People should use **reason** rather than emotion when evaluating the evidence.”

「評估證據時，人們應運用**理性思考能力**，而不是只靠情緒。」

### Practice 13

> “Fear can sometimes overcome **reason**.”

「恐懼有時會壓過人的**理性判斷**。」

**reason** = 根據邏輯和證據思考、判斷並得出結論的能力

Here, **reason** is normally uncountable.

Compare:

> “I have three reasons.”

> = 我有三個理由。

> “Use reason.”

> = 運用理性。

---

# 7. \*\*reason + from/about/evidence (根據資料進行推理) — 推理; 推斷\*\*

Here, \*\*reason\*\* is a verb.

**Meaning:** To think logically about facts in order to reach a conclusion.

### Practice 14

> “We can \*\*reason\*\* from the evidence that the fault began earlier.”

「我們可以根據證據\*\*推理得出\*\*故障更早便已開始。」

### Practice 15

> “She \*\*reasoned\*\* that the café would be less busy in the afternoon.”

「她\*\*推斷\*\*下午咖啡店應該會比較不繁忙。」

**reason = 根據事實、證據或邏輯一步步思考並得出結論\*\***

---

# 8. \*\*reason that + clause (經過思考後判斷) — 推斷; 認為\*\*

**Meaning:** To reach a particular conclusion through logical thinking.

### Practice 16

> “He \*\*reasoned that\*\* lower prices would attract more customers.”

「他經過推理後\*\*認為／推斷\*\*較低價格會吸引更多顧客。」

### Practice 17

> “They \*\*reasoned that\*\* the problem must be caused by the software.”

「他們根據情況\*\*推斷\*\*問題一定是由軟件造成的。」

**\*\*reason that... = 根據邏輯和已知資料得出某個判斷\*\***

---

# 9. **\*\*reason with + person (試圖以理性說服某人) — 跟某人講道理; 勸說\*\***

This is a common construction worth including.

**\*\*Meaning:\*\*** To try to persuade someone by calmly using logic and sensible arguments.

### Practice 18

> “I tried to **\*\*reason with\*\*** him, but he was too angry to listen.”

「我嘗試跟他**\*\*講道理、理性勸說他\*\***，但他太生氣，根本聽不進去。」

### Practice 19

> “She calmly **\*\*reasoned with\*\*** the customer.”

「她冷靜地跟顧客**\*\*講道理並嘗試說服對方\*\***。」

**\*\*reason with someone = 透過理性解釋和邏輯論點來說服某人\*\***

---

# 10. **\*\*reasoning = process of logical thought (推理過程) — 推理; 思考邏輯\*\***

**\*\*Meaning:\*\*** The process of thinking logically and using evidence to reach conclusions.

### Practice 20

> “I understand your **\*\*reasoning\*\***, but I disagree with the conclusion.”

「我明白你的**\*\*推理過程和思考邏輯\*\***，但不同意你的結論。」

### Practice 21

> “Her **\*\*reasoning\*\*** was clear and well supported by evidence.”

「她的**\*\*推理思路\*\***很清晰，而且有充分證據支持。」

**\*\*reasoning = 從資料、前提或證據一步步得出結論的思考過程\*\***

---

# 11. **\*\*reasoning = ability to think logically (邏輯推理能力) — 推理能力\*\***

#### ### Practice 22

> “The test measures verbal and numerical **\*\*reasoning\*\***.”

「這項測驗評估語文及數字**\*\*推理能力\*\***。」

#### ### Practice 23

> “Logical **\*\*reasoning\*\*** is important in problem-solving.”

「**邏輯\*\*推理能力\*\***在解決問題時非常重要。」

**\*\*reasoning = 分析資料、建立邏輯關係並作出合理判斷的能力\*\***

This is closely related to #10, so conceptually they belong together.

---

# 12. **\*\*reasonable = person/decision/request (人／決定／要求) fair and sensible — 合理的; 合情合理的\*\***

**\*\*Meaning:\*\*** Sensible, fair, and based on good judgment.

「那看起來是一個**\*\*合情合理、符合正常判斷的決定\*\***。」

#### ### Practice 25

> “The customer made a **\*\*reasonable\*\*** request.”

「顧客提出了一個**\*\*公平而合理的要求\*\***。」

**\*\*reasonable = 符合常理、公平並有充分理據, 不過分或不荒謬的\*\***

---

# 13. **reasonable** = price/cost/amount (價格／費用／數量) not excessively high or large — 適中的; 合理的; 不過高的

**Meaning:** Fair and not too high, expensive, or extreme.

#### Practice 26

> “The headphones are available at a **reasonable** price.”

「這副耳機的價格**合理**, 不算過高。」

#### Practice 27

> “We found a hotel at a **reasonable** cost.”

「我們找到了一間收費**適中合理**的酒店。」

**reasonable price/cost** = 與產品、服務或一般市場水平相比不過高、可以接受的

---

# 14. **reasonable** = fairly good/adequate (程度／品質) — 尚算不錯的; 相當可以接受的

**Meaning:** Fairly good, adequate, or satisfactory, though not excellent.

#### Practice 28

> “The hotel offers a **reasonable** level of comfort.”

「這間酒店提供了**尚算不錯、可以接受的舒適程度**。」

#### Practice 29

> “He has a **reasonable** knowledge of French.”

「他的法語知識**達到相當不錯、足以應付一般需要的程度**。」

**reasonable** = 水準或程度相當可以接受, 但並非表示非常優秀

This meaning is easy to miss.

---

# 15. **reasonably** = fairly / to a moderate degree (相當; 頗為) — 相當; 頗; 還算

#### ### Practice 30

> “The café was **reasonably** quiet.”

「這間咖啡店**還算安靜／相當安靜**。」

#### ### Practice 31

> “The product is **reasonably** priced.”

「這件產品的**定價相當合理**。」

**reasonably** = 程度達到相當／頗為的水平, 但並非極端

---

# 16. **reasonably** = in a fair and sensible way (合理地) — 合理地; 理性地

#### ### Practice 32

> “He responded **reasonably** to the complaint.”

「他以**理性而合理的方式**回應投訴。」

#### ### Practice 33

### ### Practice 50

> “There seems to be no **rhyme or reason** to the filing system.”

「這個檔案整理系統似乎**毫無規律或合理邏輯可言**。」

### ### Practice 51

> “The changes were made without any **rhyme or reason**.”

「那些改動看起來**毫無明顯邏輯或合理原因**。」

**no rhyme or reason** = 完全看不出規律、邏輯或合理解釋

---

## Important distinction: **reason vs cause**

These overlap, but there is a useful tendency.

### **cause**

focuses strongly on what **produced an event/result**.

> “The cause of the fire was an electrical fault.”

「火災的成因是電力故障。」

### \*\*reason\*\*

can mean:

- \* explanation for an event
- \* motive for a person's action
- \* justification for a decision

> “Her reason for leaving was stress.”

「她離開的理由是壓力。」

So \*\*reason\*\* is broader for human explanations and motives.

---

## Important distinction: \*\*reason vs excuse\*\*

### \*\*reason\*\*

= an explanation or justification, which may be valid

### \*\*excuse\*\*

= an explanation offered to defend or avoid blame, sometimes implying that it may not be convincing

> “He had a good reason for being late.”

「他遲到有充分理由。」

> “He made an excuse for being late.”

「他為自己的遲到找藉口。」

So \*\*excuse\*\* can carry a more negative tone.

---

## Important distinction: \*\*reason vs reasoning\*\*

### \*\*reason\*\*

can mean one particular explanation:

> “Give me one reason.”

「給我一個理由。」

### \*\*reasoning\*\*

means the thought process behind a conclusion:

> “Explain your reasoning.”

「解釋你的推理過程。」

---

## Important distinction: \*\*reasonable vs rational\*\*

### \*\*reasonable\*\*

= fair, sensible, and not excessive

> “a reasonable price”

「合理的價格」

### \*\*rational\*\*

= based specifically on logic rather than emotion

> “a rational decision”

「基於理性分析的決定」

A price can be \*\*reasonable\*\*, but we would not normally call a price \*\*rational\*\*.

---

## Important distinction: \*\*reasonable vs realistic\*\*

### \*\*reasonable\*\*

= fair/sensible

> “a reasonable request”

「合理的要求」

### \*\*realistic\*\*

= practical and achievable under actual conditions

> “a realistic deadline”

「實際可行的截止日期」

A deadline might sound \*\*reasonable\*\* in principle but still not be \*\*realistic\*\* given the available staff.

---

## Family-extension note

Following our Golden Manual, these are especially useful:

- \* \*\*reason for something\*\* = 某事的原因
- \* \*\*reason to do something\*\* = 做某事的理由
- \* \*\*reason why... \*\* = .....的原因
- \* \*\*for some reason\*\* = 不知為何
- \* \*\*for no apparent reason\*\* = 無明顯原因
- \* \*\*with good reason\*\* = 有充分理由
- \* \*\*within reason\*\* = 在合理範圍內
- \* \*\*stand to reason\*\* = 按常理理所當然
- \* \*\*no rhyme or reason\*\* = 毫無邏輯或規律
- \* \*\*reason with someone\*\* = 跟某人講道理
- \* \*\*reasoning\*\* = 推理／推理過程
- \* \*\*reasonable\*\* = 合理的; 價格適中的; 程度尚算不錯的
- \* \*\*unreasonable\*\* = 不合理／過分的
